Table of Contents

Volume 1, Issue 1, May 2022

Aero-Engine Air Intake and Its Location Design Liang Zuyu, Liu Yan, Yang Yongxia, Yang Yang, Yang Hang	01220101001
High Lift, Long Distance and Long Pipe Diameter Water Pressure Penstock Structural Design and Calculation Liu Zhongxian, Yang Shenggang, Hu Bo, Wu Yongbo	01220101002
The Design of The Space Engine Fan Blade Cooling System Based on Cooling Strategy Li Deyong, Yao Haixia, Zhan Yong, Zou Hongyan, Yang Hang	01220101003
A Quantitative Study on The Current Situation and Countermeasures of Teachers in Large Class Language Teaching Activities Based on Multivariate Statistics Luo Yuchen, An Fen	01220101004
3D Design and Optimization of Noise Reduction Engine Xu Beisi, Zhu You, Dai Yunyun, Yang Hang	01220101005
The Application of Irrigation and Water Conservancy Design in Land Consolidation Liu Zhongxian, Wu Yongbo, Yang Sheng, Yang Shenggang, Li Song	01220101006
Research on Safety Risk Management of Aerospace Enterprises He Wenpei, Wang Xiaorui, Zhang Ling	01220101007
Simulation and Experiment of Small Pepper Drying Box Structure Optimization Zhu Zhenglong, Ye Zhenhuan, Zhang Qiang, Zhang Nanqing, Luo Peilin, Wang Xueke	01220101008
